FOR IT MANAGERS

- Active Directory support, granular permissions
- Site sync, custom workflows
- Connects with Enterprise systems
- Cloud-ready and scalable

The best technical support. By the people who created Sitefinity.

We work hard to deliver the best technical support service - even during the trial period. Our customers tell us that the quality of our support is one of the key reasons they choose us again and again. With Telerik, you don't just get a product - you get solutions to deliver your business goals.

Multiple learning resources.

When it comes to testing Sitefinity, you can explore every feature of the product with the full-featured online sandbox or directly download and install the product in your own environment. Whichever you choose, we will help you quickly jumpstart your project with a rich collection of training resources that will make your development process a breeze.

Biggest community of people like you.

Join one of the biggest .NET communities. 600,000 registered users are waiting to share their experiences and help you solve your problems. It's a huge and growing family and we listen to what you say: our users help shape our roadmap.

The Sitefinity Marketplace features a variety of resources, among which are over 100 modules and controls, as well as many useful themes and templates.

Reliable partners. For your project success.

Our partners are Sitefinity experts and offer a wide variety of on demand services, including consulting, integration, training and hosting. The Sitefinity partner network extends in more than 30 countries and includes over 200 companies.

Industry awards and recognitions.

Recognizing excellence in the partner network, Microsoft announced Telerik as a winner of the 2010 Microsoft Partner of the Year Awards for Central and Eastern Europe for the Sitefinity Web Content Management product.
