

Sitefinity Summit 2017

#SitefinitySum

Social Media and Photo Contests—Join in to Win!

Thanks for joining us at Sitefinity Summit! To celebrate this special event, we want to give you a chance to win some prizes in TWO social media contests.

During the conference, we want you to show the world what we're up to. That's why we've created our social media photo contest. Whoever shares the most interesting photo from the event will win a **GoPRO HERO Session camera**! Simply share your picture using our conference hashtag #SitefinitySum and our panel of judges will select a winner. The photo can be of anything that takes place during the event, so feel free to be creative.

We are also giving away **two more** prizes. First, we're giving away a **32GB iPad Mini** to the user whose post gets the most engagement (favorites, retweets, replies, etc.) on **ANY** post using the #SitefinitySum hashtag on Twitter. Then, we're also giving away an **Amazon Echo** at random to one lucky person just for tweeting using the #SitefinitySum hashtag. Seriously, all you have to do is tweet and you could win.

If you have a minute, be sure to stop by the social media booth—we'll be giving away T-shirts and showing off your awesome tweets!
